Summary

Dear Hiring Manager,

I am writing to express my interest to join the Wingstop team. With experience in inventory management, customer service, and over three years as a Junior Web Developer, I bring a unique combination of technical skills, operational discipline, and problem-solving abilities.

In my current role as Inventory In-Charge at Jasmi's Corporation, I manage stock planning, frozen and paper deliveries and FIFO compliance. My responsibilities require accuracy, data tracking, and daily coordination with the operations team, all of which have strengthened my ability to manage processes efficiently.

Previously, as a Junior Web Developer at Grand Wynn Group, I managed multiple company websites and contributed to system improvements using Shopify, Wordpress, JavaScript and MySQL. My internship as a Drupal Developer and my 10 months teaching robotics programming further expanded my technical foundation and communication skills.

I hold two Level-5 Diplomas in Advanced Computing and Information Technology. I am passionate about continuous learning and currently expanding my knowledge in full-stack development.

I believe my combined experience in technology, operations, and team support makes me a strong fit for this position. I would welcome the opportunity to contribute to your team and grow with your organization.

Thank you for your time and consideration. I look forward to the possibility of discussing how I can add value to your team.

Sincerely,
Aye Htet Hein

Aye Htet Hein

Inventory In-Charge | Web Developer | Tech Enthusiast
Tubli, Capital Governorate, Bahrain

Experience

Jasmi's Corporation

2 years 1 month

Inventory Incharge

November 2024 - Present (1 year 1 month)
Bahrain

- Manage and monitor daily inventory levels for food, packaging, frozen, and paper products.
- Perform accurate stock counting, FIFO control, and waste tracking to support operational efficiency.
- Coordinate with store-in-charge for weekly frozen and paper deliveries.
- Maintain inventory logs, delivery records, and variance reports to prevent stock-outs or overstock.
- Support shift operations by ensuring all product categories meet company quality and safety standards.
- Analyze usage trends to forecast demand and optimize ordering schedules.

Service Crew

November 2023 - November 2024 (1 year 1 month)
Bahrain

- Provided high-quality customer service, handled orders, and maintained strong communication with customers.
- Prepared food products following company guidelines, hygiene rules, and time standards.
- Supported store operations, cleaning routines, and safe handling of food items.
- Demonstrated consistency and discipline in long-hour schedules and high-demand environments.
